- Wednesday 13 March at 8:30am - Parkes High School

Working together

I hope that all students, parents and carers are able to engage with the teachers in the 3 Way Conferences over the next two weeks. A great way to set the children up for success in 2019.

Don't forget the P&C Annual General Meeting on tomorrow night.

May your week be full of joy. Michael

SCOOTER ROAD SAFETY

A pedestrian includes "a person in or on a wheeled recreational device or wheeled toy". This includes a skateboard, scooter, bicycle or similar wheeled device:

- Foot scooters may be ridden on footpaths unless signs specifically prohibit them, however, riders must keep to the left and give way to other pedestrians
- On separated bicycle and pedestrian paths, foot scooter riders must use the section designated for bicycles, but must keep out of the path of any bicycle
- Foot scooters can only be used on the road during daylight hours
- They cannot be used on roads with a dividing line or median strip or a speed limit greater than 50km/h, or a one-way road with more than one marked lane

Road Safety advice

- On the footpath, riders of foot scooters should not threaten pedestrians, especially the elderly – they may need to slow down or dismount in busy areas
- To improve safety and enjoyment, foot scooters are best ridden in recreational areas designated for their use
- Foot scooter riders should wear helmets and protective gear such as knee and elbow pads
- For the best protection, choose bicycle helmets that are accredited as complying with the Australian Standard and feature BSI, Global-Mark, SAI Global or AUS labels
- The use of foot scooters and skateboards on the road is not recommended for school-aged or younger children
